RE: Agudath Israel of America v. Township of Jackson, New Jersey
Docket No.: 3:17-cv-03226-MAS-DEA
Our File No.: 41034.00107

Dear Judge Arpert:

The undersigned represents defendant, Township of Jackson, New Jersey with reference to the above matter. Pursuant to the court's directive, please accept this letter as a status of the Ordinance negotiations with the Plaintiff.

The Township has had three meetings and reviewed several iterations of the Zoning ordinance prepared by the Plaintiff's counsel and professionals, as well as providing suggested language in some areas. The Council president, Township Attorney and Zoning Board Attorney have participated in all sessions. The Township has had two planners review the proposed ordinance and provided both planning review reports to plaintiffs. The first review was by the Township Attorney and the second by special projects planner. The second report was provided to plaintiff's counsel recently. It is anticipated that after the Plaintiff's have had an opportunity to review the Township's comments and proposals, that another settlement conference will be held with planner in attendance.

Very truly yours,

/s/ Pauline F. Tutelo
