Newark, New Jersey 07102

**Re: Bergen Rockland Eruv Association, et al. v. The Borough of Upper
Saddle River – Civil No.: 2:17-CV-05512-JMV-CLW**

Dear Judge Vazquez:

As Your Honor is aware, this office represents defendant Borough of Upper Saddle River (“USR”) in the above-referenced matter. In advance of this afternoon’s telephone conference, at 1:30 PM, we respectfully submit the enclosed documentation from the USR Department of Public Works, which further evidences Plaintiffs’ sloppy and unprofessional work, which was performed *after* these issues had been addressed with the Court. As Your Honor will see, soil and cement are strewn carelessly across properties, the cement bases have not been covered, and there are tire marks across the properties. These pictures were taken in response to complaints from the owners of the properties affected.

Hon. John Michael Vazquez

We thank Your Honor for your consideration of the enclosed.

Respectfully Submitted,

A handwritten signature in black ink, appearing to read "Allison N. Zsamba", written over the typed name.

July 9, 2018

Sir,

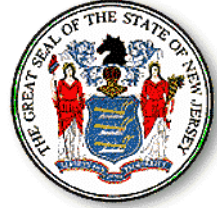

Below are pics from work areas along Hillside Ave, from W. Saddle River Road heading east as well as one site at the top of Brook Road. The eruv work was sloppy and as a result two of the property owners affected called and complained.

The cement should be covered with soil and cleaned of the rocks for the property owners

Here the excavated soil should have been removed and the cement covered up and not splattered onto other rocks on the proper owners land.

Excated soil should have been removed not just left as a pile of dirt. Cement should have been covered as well.

Marker stick thrown to the ground and left behind. Excavated soil should have been removed and cement covered. This photo depicts the pole set on Brook Road.

Please let me know if you need any additional information in order to have the complainants satisfied.

Sincerely,

Robert C. Fleshman
Superintendent of Public Works
